NDDOT Self Service Terminals for motor vehicle tab renewals installed in Bismarck

BISMARCK, N.D. – The North Dakota Department of Transportation (NDDOT) has implemented a new tool for residents to renew their motor vehicle tabs. As part of a year-long pilot project, Self Service Terminals (SST) are now operating in three locations in Bismarck. The terminals are located at Kirkwood Mall, Oasis Truck Stop/Stamart Travel Center off I-94 at exit 161, and in the Motor Vehicle Office in the NDDOT Transportation Building.

The terminals are a fully automated motor vehicle registration renewal station that will dispense license plate renewal registration cards and motor vehicle tabs on the spot. A vehicle owner can navigate through the easy touch screen (voice assistance available) and will need an invoice number from your mailed invoice OR title number and plate number. Once the payment has been submitted and the transaction is complete, the vehicle's renewed registration card and tab are dispensed directly from the machine. The terminals will be available during regular business hours at the participating locations.

"We hope citizens find the Self Service Terminals a convenient tool allowing them to renew and print their vehicle renewals whenever they can," said Mark Nelson, NDDOT Deputy Director for Driver and Vehicle Services.

"Residents can still utilize any of our branch offices, or renew online or by mail."

The SST allows vehicle owners to register their vehicle(s) up to 60 days prior to their expiration. Acceptable forms of payment are restricted to credit cards (AMEX, MC, VISA, Discover, and pin-less Debit cards). Customers needing to register a new vehicle should visit a Motor Vehicle Branch Office. Branch office locations and hours can be found at: <https://www.dot.nd.gov/divisions/mv/docs/mvsiteloc.pdf>
